Advertising of GMC MR. GOOD-WRENCH to influence Plaintiffs to Purchase a very beautiful looking Suburban vehicle FOR which, Plaintiffs were given a rift of papers guaranteeing and promoting a near perfect vehicle, which turned out to be a 100% LIE and also damaged Plaintiff Margaret whom spent a full night at the hospital and has cost the privilege of riding on heavily traveled roads. 15 Kent, County of King, State of Washington, address of "620-West James Street, Kent, WA. 98032.

16 1.3h.The ridiculous untruths of Defendants former "Attorneys" briefs were bullying techniques that  
17 Plaintiffs learned to handle years ago; and their inappropriate designated Statute of limitations of which  
18 legally allows Plaintiffs to file this law suit within ten years because of the crimes committed by the

19 complicity between General Motors Corporation through its Agency of Cornforth-Campbell GMC Mr.  
20 Good Wrench. Exhibit # 13

21 1.3i. Conspiracy: A combination of two or more persons, etc. to commit a criminal or unlawful act

Exhibit # 2

1.3.o. ASSEMBLY'S OF GENERAL MOTORS VEHICLES ARE; {AS OF RECEIVING COMPLAINTS FROM CLINTON M. TULLIS FOR COURT ACTION}; HAS LED GENERAL MOTORS CORPORATION TO PLACING STRONGER CHANNEL FRAMES AND BETTER WELDING FOR VEHICLE STABILITY AND STEERING CONTROL, AS IS STATED ON ONE ADMISSION SENT TO PLAINTIFFS. By Chief Chairman: Mr. Rick Waggoner; Whom positively did a big favor for GMC and for the General Public, Whom would be occasioned to meet on some of the nations roads  
Exhibit # 12

1.3p. Factory personnel, copy shall be afforded with this brief. Plaintiff has in mind of obtaining annual checkup on all vehicles old and new to assure the Public of being safer on the roads. This will place more people at work within all nations receiving any and all vehicles. and should be demanded at all vehicle assembly lines as well as the used vehicles to have annual inspections for safety.

1.3q. I also believe the cruise controls should be removed. You cannot turn off a cruise control if you are bouncing around inside of a vehicle because of an outside contact. If a party is too tired to keep their foot on the gas pedal, They are too tired to be traveling. A hand operated accelerator on the steering wheel (as performed on tractors), is more efficient for the helpless.

1.3r. Assemblies on its vehicles has led to GMC placing heavier Channel Frames and better welding for vehicle stability and steering ability as is stated on several admissions sent to Plaintiff from the standard of care that a reasonable person doing inspections and repairs would exercise in the same situation. Discovery of GMC weak frame, steering, brakes and the Cruise Control could be the major cause of most of the vehicle accidents in the United States; etc. in surprising, crashing, injuring, and killing tolls of citizens.  
Exhibit # 12

1.4. All acts stated to have been performed by the Agency or denied to be performed of or by the Defendants to Plaintiffs as complained of herein were committed by Employees and Leaders of the GMC Agency Dealership of Cornforth-Campbell, backed by GMC: Mr. Good-wrench advertisements And responsibility of General Motors Corporation: Vicarious Liability.

1.4a. Vicarious Liability: Imputation of Liability of one person for actions of another in denying clients their constitutional protection of honesty and privileges.  
Exhibit # 13

1.4b. This case must be officiated by Judgment that is in full consideration of Plaintiffs citizen rights of honesty, procured and assured through the Constitutional "Oath of Office" honoring decision making by determination through a Grand Jury Trial. (COURT PROCEDURE)

1.5 All of the above acts along with the following in this brief; applied to various notifications of deliberate neglect and or consequences of which, were performed and jointly responsible by the Defendants.

1.5a. Plaintiffs have incorporated exhibits that are retained to disclose during trial of this case with the Brief that make declarations and assurances for perfected conditions of Plaintiffs SUB; purchased from the GMC Mr. Good Wrench affiliated Agency of Cornforth Campbell and those Mr. Good Wrench declarations and assurances were absolute conspired fraud, not becoming of Proper supervision or performance, inclusive of General Motors Corporation & their Agencies.

1.6. All acts of Plaintiffs/Complainants shall be referred to by the use of either phrase, of which we will primarily apply singularly as Plaintiffs from hereon.

*Cornforth-Campbell agency of H M Co.*

6a.. Management: Office Personnel were aware of stipulations on reliability to influence Plaintiffs of the vehicle upon and during constructive performance of the Purchase Contract, prior to giving Plaintiffs the keys.

6b. Plaintiffs also wrote correspondence to the management as well as made four or more trips to inform management that the vehicle functioning appeared to need essential attention and cure for road operation and safety.

6c. Plaintiffs were scoffed at and Defendants incurred, that the problems were imaginary, thus not even offering any coverage of the timely warranty produced for Plaintiffs at day of Purchase

6d. Plaintiffs went on vacation, pulling a 30 foot Wilderness trailer; first to Idaho and from there to the Oregon Coast.

6e. Upon returning to Renton, WA., Plaintiffs immediately took the vehicle to Cornforth-Campbell for a mister Good-Wrench cure and were again denied that we had any problems 1. Of the Brakes jerking the front of the vehicle to the left; 2. Of the engine heating to 285 degrees of which the Shop Manager declared was Normal; 3. Of the lights being too dim and one of the lights was pointing into the trees. 4. Of the engine sometimes hesitating in starting 5. Plaintiffs were told that the book on the trailer and an owners manual for the Suburban GMC was on order.

7. Plaintiff Clinton M. Tullis, then ran my own tests of which I had avoided as I didn't want to do anything that might kill our warranty (of which we soon found out to be worthless from the Dealership and their advertisement of Mr. GOOD-WRENCH.

8a. Plaintiffs then ran a battery test and found the battery was struggling to stay alive. Plaintiffs installed a new Heavy Duty Battery and the Engine response was corrected.

8b. Plaintiffs then replaced the thermostat with a 180 degree thermostat.

8c. Plaintiffs also replaced the Radiator Cap and Plaintiffs had no more Engine Heating problems.

8d. Plaintiffs took the vehicle to a Parts Dealership that had informed Plaintiffs to the fact that they had the full sets of the Headlamps and Bulbs for the Suburban and that they had the equipment to replace the entire head-lamps. They did an excellent installment and our night lighting was terrific without offending oncoming vehicles.

8e. Plaintiffs then removed all wheels from the suburban and found 1. that the front caliper pins were badly worn; 2. The left front metallic brake pad was chewing right into the rotor;

8f. The rear brake linings were worn enough to warrant their changing; The new brakes of which, we were told by Cornforth-Campbell had been performed, should have had more than twice the lining left as what Plaintiffs discovered at the end of about 1500 miles.

8g. Plaintiffs had a Renton machinist correct the front rotors and Plaintiffs replaced the front calipers, pins and rotors. Our Suburban brakes were perfect from thereon.

8h. During our purchase of the battery and above mentioned replacement Parts; Plaintiffs had ordered a CHILTONS 1999 General Motors Heavy Duty *manual*

EXHIBIT # 4

*The trailer brake control not working  
caused the heavy trailer to push Plaintiff  
into & onto the vehicle stopped in front  
as it had hit the vehicle in front of it and  
there was not enough width in the road  
& lanes to allow clearance in the  
middle.*

**PERSONAL EFFECTS** a vague phrase used to describe tangible property having an intimate relation to the decedent, such as clothing and jewelry.

**PERSONAL HOLDING COMPANY** a corporation having a limited number of shareholders and a high percentage of passive income, such as interest, dividends, rents, royalties, and capital gains. A special income tax was imposed on personal holding companies in 1937 in order to prevent taxpayers from avoiding taxes by placing their assets in corporations. Previously, taxpayers would avoid income taxes by placing their assets in one or more corporations, thereby splitting their income among several taxpayers and taking advantage of the lower marginal tax brackets. The **PERSONAL HOLDING COMPANY TAX** is imposed on the undistributed income of such corporations at a flat rate. The purpose of the tax is to force the shareholders to distribute the corporation's income to themselves as dividends so they may be taxed on it at their regular rate of income tax.

**PERSONAL JUDGMENT** judgment imposed on defendant requiring sums to be advanced from whatever assets he or she has within the jurisdiction of the issuing court, as opposed to a judgment directed against particular property (called an *in rem* judgment) or a judgment against a corporate entity. General Motors is and has been an Accessory to its Agency of Cornforth-Campbell in Puyallup, WASHINGTON THAT Committed many Criminal Acts and Injuries to Plaintiffs amidst an enormous sum of Perjury about perfection of a GMC Suburban purchased from Cornforth-Campbell that caused lifelong hearing & heart damages to Clinton along with eight months of Super "Lower Inguinal Hernias, not being overcome by surgery for eight months because of the enormous damages AND IF Clinton had not been a mechanic for many years; would have led to the deaths OF SEVERAL CAR LOADS OF PEOPLE STOPPED FOR EMERGENCY ON THE Chehalis and Centralia portions of I-5 Super Highway. Plaintiff Margaret had to spend the balance of the day and all night at the Centrailia Hospital for bruises encountered from Plaintiffs contact of the vehicle nearest and waiting in front because of a earlier contact caused from about a quarter of a mile ahead vehicles suddenly having emergency stops. She has not completely overcome her injuries and fright to date. We have well earned more than we have asked for. WE WILL NOT QUIT UNTIL PAID.
